Re: Tiverton Zoning Board Relief; Map 2-4, Block/Plat 208, Card/Lot 19

Dear Ms. Delisle:

The following is the decision on your Petition heard by the Zoning Board of Review (the "Board") on September 6, 2006 for a request for a variance from Article V, Section 1 and Article XIV, Section 5.d. of the Tiverton Zoning Ordinance (the "Zoning Ordinance") to construct an attached garage and breezeway to an existing structure located at 7 Gadsby Lane, Tiverton, Rhode Island, at Map 2-4, Block/Plat 208, Card/Lot 19 (the "Premises"), expanding a legal non-conforming structure located closer to the front yard setback that is currently allowed in an R80 zone.

After the testimony was completed at the public hearing for which due notice was given and a record kept, and after having viewed the premises and the surrounding area, the Board, taking into consideration its knowledge and expertise and after taking into consideration all of the testimony at the public hearing, makes the following findings:

1. That the Premises contains approximately 20,714 square feet of land area, more or less, zoned R80 residential.
2. That the existing dwelling on the Premises is a non-conforming structure, which may not be enlarged without variance relief from the Board, pursuant to Article XIV, Section 5 of the Zoning Ordinance.
3. That the Petitioner desires to construct an attached garage and breezeway to an existing dwelling located on the Premises.
4. The Petitioner testified that the proposed location of the garage was the only reasonable area due to physical constraints on the Premises.
5. The Petitioner also testified that the proposed changes would be in keeping with the development in the surrounding area, would not negatively impact any nearby property owners and was the smallest addition necessary.
6. No objections were raised to the proposed improvements.
7. That the Board concurred with the factual statements and opinions of the Petitioner, whose information, analysis and conclusions were found credible and are made a part of the record. No objections were presented by any abutters.

Based on the foregoing, a motion was made by Mr. Jackson seconded by Mr. Edwards to approve the Petitioner's application. After deliberations on the petition, the Board voted unanimously to grant the Petitioner's application for the necessary variances, as follows:

- a. Special conditions and circumstances exist which are special and peculiar to the land or structure involved, and which are not applicable to other lands or structures in the same zoning district, and are not due to a physical or economic disability of the petitioner.
- b. Issuance of the requested relief will not be contrary to the public interest, and that, owing to special or peculiar site or structural conditions, literal enforcement of the provisions of this ordinance would result in an unnecessary hardship on the Petitioner.
- c. The unnecessary hardship, which the Petitioner seeks to avoid, has not been imposed by any prior action of the Petitioner and is not based purely for monetary gain or loss.
- d. The granting of the requested variance will not alter the general character of the surrounding area or impair the intent or purpose of the zoning ordinance or the comprehensive plan upon which the ordinance is based.
- e. Relief from the provisions of this ordinance is the least relief necessary to remove the unnecessary hardship.
- f. That nonconforming use of neighboring lands, structures or buildings in the same district, and permitted use of lands, structures or buildings in an adjacent district did not form the grounds for the application of this variance request.
- g. That the hardship that will be suffered by the Petitioner of the subject property if the dimensional variance is not granted amounts to more than a mere inconvenience.

This petition is granted by the Board with the following stipulations and conditions:

- 1. That this decision must be recorded in the Land Evidence Records in the Town Clerk's Office before a building permit/certificate of occupancy is issued. (Please note that the appeal period (20 days) begins when said decision is recorded and posted with the Town Clerk's Office).
- 2. That the relief is limited to the plans and representations made by the petitioner to the Board, except that changes to the approved plan may be made without approval of the Zoning Board of Review if needed to comply with either the building or fire codes.
- 3. That this grant shall be activated with a building permit/certificate of occupancy, within one (1) year, unless extended by the Board, or it shall become void.

Present this letter to the Building Inspector when applying for the necessary permits.

Very truly yours,

David Collins, Chairman
Tiverton Zoning Board of Review
